KEY SKILLS

- Problem-solving
- Communication
- Time management
- Hard work and Dedication

TECHNICAL SKILLS

- AI/ML: Machine Learning, Deep Learning, NLP, LLMs, RAG, Agentic AI
- Frameworks: PyTorch, Scikit-learn, LangGraph
- Backend & APIs: FastAPI, Flask, SQLAlchemy
- MLOps/Tools: Docker, MLflow, GitHub Actions, Langfuse
- Programming: Python, Java, C

FINE ARTS

- Dance: Kuchipudi and Bharathanatyam
- Music: Carnatic Vocal
- Instrument: Veena
- Indian Martial Art: Kalari
- Chess

AKURATI KAUSTIKI

Computer Science Engineer | (M.Tech (AI & ML))

PERSONAL PROFILE

A Computer Science Engineer with experience across AI and backend systems, motivated to learn by building and solving real-world problems.

EDUCATIONAL HISTORY

M.Tech in Artificial Intelligence and Machine learning

BITS PILANI WILP

CGPA 9.51

May 2024 - May 2026

B.E. (Computer Science and Engineering)

MNM Jain Engineering College

Anna University

Chennai, Tamil Nadu, India

CGPA 9.07

Jun 2018 - Apr 2022

A Levels(Advanced Levels equivalent to 12th Std.)

Vaels International School

(Chennai, Tamil Nadu, India)

Cambridge Assessment International Education(CIE)

General Certificate of Education (GCE)

Marks 74.8%

Jun 2017 - May 2018

IGCSE (10th Std.)

Vaels International School

(Chennai, Tamil Nadu, India)

Cambridge International General Certificate of Secondary Education (IGCSE)

Marks 83.25%

Apr 2015 - Nov 2015

Experience

○ July 2022 - October 2023

Tata Consultancy Services, Chennai, Tamil Nadu

Assistant System Engineer

1. Trained in Java, Networking Fundamentals
2. Worked on a project:
 - a. Developed Code in Python based on the project requirements.
 - b. Performed Machine Learning tasks (NLP) to classify text.
 - c. Worked on creating and Dockerising a FastAPI application that performs OCR on images
 - d. Deployed solutions in a Development Environment on the AWS Cloud.
 - e. Worked on Database Connectivity.
 - f. Worked with ORM tools: SQLAlchemy.
 - g. Worked on creating Flask APIs and exposing them.

○ January 2024 - March 2026

DigiYosha

Web Designer and Content Strategist

1. Worked as a no-code Website Designer.
2. Worked on branding assets including banners, social media creatives, and visual identity elements.
3. Assisted in content strategy planning for marketing, across web and social platforms.
4. Collaborated directly with stakeholders to translate vague marketing requirements into concrete design and content solutions.

○ March 2026 - Present

TinyMagiq

Forward Deployed Engineer

1. Worked with Agentic AI full-stack development, including skill/command-based agents, tool integration, and agent workflows.
2. Built and evaluated LLM/RAG agent workflows using LangGraph and Langfuse, integrating tools and retrieval pipelines into production-oriented AI applications..
3. Contributed to the development and enhancement of Tiny Magiq's GenAI website (tinymagiq.com), working on an LLM-powered query engine and AI-driven web experience.

PROJECTS

- **Violence Detection Using Deep Learning** (Dissertation for M.Tech. AIML (BITS)):
Developing a CCTV-based violence detection system using deep learning, combining object detection for weapon identification with CNN-LSTM models for temporal violence classification, focused on automated threat analysis for surveillance applications.
(November 2024 - Feb 2026)
- Capstone Project from IIIT Hyderabad and Talentsprint: **Image Captioning** using a multimodal model including pre-trained CNN as the encoder and LSTM with attention as the decoder. (November 2023 - February 2024)
- Mini Project based on **Sentiment Analysis** on Amazon Product Reviews using Machine Learning, (February 2021 – August 2021).
- Project on detecting **Ageing Signs by using Object Detection in Machine Learning**. (April 2021- May 2021).

CERTIFICATIONS

- PG Certification in Artificial Intelligence and Machine Learning from IIIT Hyderabad and Talentsprint (June 2023 - February 2024).

INTERNSHIPS

- Machine Learning with Python Apr 2021 - May 2021 at Verzeo
- Mastering Python Programming Jan 2021 - Feb 2021 at Futuro Focus
